DELPHOS, May 15.—(Special Cor.)—Charles Wood was in Toledo today on business.

J. M. Ireland, P. E. agent at Midway, was in the city on business yesterday.

Postmaster Washburn went to Lima yesterday on a business mission.

Prof. John Knorr, of Wapak, was in town yesterday.

Harman Jetterson returned this morning from a few days visit in Chicago.

Mr. and Mrs. J. M. Carpenter are visiting friends in Columbus.

Carl Jetterson returned to day from Kokomo, where he has been visiting.

Ray Godfrey Martin, of Milford, Ind., was in the city yesterday.

G. M. Henderson and wife, of Middletown, were guests at the home of George Fisher, on Franklin street yesterday.

Attorney C. S. Mauk, of Rockford, was in town a few hours yesterday afternoon, calling on his brother, Dr. Mauk.

Dr. Ed Edwards is now a full fledged M. D. having recently graduated from the Jefferson Medical College, of Philadelphia. He is in Delphos at present, but about the first of June he will start for Berlin, Germany, to take a special course in surgery. He will be absent about a year.

The horse used to pull the hotel and truck of the fire department is off duty with a very sore foot caused by stepping on nails. One of Aaron Fisher's horses is filling his place.

Peter Findlay moved his barber shop yesterday into the room recently vacated by Dave Curtis, north of Kril's grocery store.

R. Davidson is moving his saloon fixtures to Kalda to day.

Will Sheik has sold his West Side meat market. The shop is now run under the name of Remini & Co.

Stone walks are being laid in front of Herrick's hardware store and Fisher's grocery.

Miss Minnie Westerfield is ill at her home on East Fourth street from dry pleurisy. Her sister Jessie is filling her position at Wagoner's restaurant.

The city dials will meet in council at the city building to night.

Mrs. Mike Harbath is lying very ill with heart trouble at her home on North Franklin street. She is in a very precarious condition and her life is despaired of.

Jim Wilson the C. H. & D. brake man who was injured at Monticelli several weeks ago, is able to get around by the use of crutches.

Calvin Hunsaker, who was arrested last Saturday on the charge of being a vagrant, was released from jail yesterday by compromising the matter with the girls' parents.

The foundry committee called on several of our business men yesterday and met with much encouragement. They have secured almost half of the thousand dollars, and the balance, if they are interested in the welfare of their town, they should not fail to aid in this project. He ready to respond when the committee calls on you.

All Ruggles delivery horse cut quite a figure in Main street yesterday, becoming started at a passing bicycle. No damage was done.

Will Lautnerman is becoming quite adept as a snake charmer. He generally has from three to five large black snakes confined in a box with which he has no end of fun after which they are killed. He keeps up his supply of the slimy monsters by catching them at the old pond near the brewery. He caught and killed one yesterday which measured nearly four feet in length. They are ugly things to handle but will not seem to be so afraid of them.

For some time past there have been various rumors current that Delphos was to have a ball team. These rumors were verified yesterday when it was announced that two of our leading business men had taken the matter in hand and leased the grounds of Anton Jutman, east of town on Fifth street. The grounds have been leased for a term of five years. The gentlemen who are backing the scheme have the necessary funds, and work will be commenced on the grounds to-morrow. The contract has been let for a 150 foot grand stand, with a seating capacity of 1,200. The grounds will be enclosed by a fence eight feet high. A commodious ticket office will be erected at the entrance and everything will be done to make it convenient. The players will have dressing rooms under the grand stand, and the ground will be put in first class shape. A bicycle track will be built inside the grounds for the benefit of wheel men who may wish to indulge in bicycle races. Mr. J. G. Woodward has been appointed manager, and is now busy making preparations to engage a team of players. It is expected that the first game will be played in about two weeks. Only the best of players will be signed, and Delphos will undoubtedly have one of the strongest amateur teams in the state. As a manager Mr. Woodward will undoubtedly be a success as he has had considerable experience in this line.

### Students' Excursion to Hoover's Lake.

Last Saturday morning the students of Lima College arrived with great anticipation of the success of the picnic dated for the afternoon. Nature itself seemed to invite them. Coincided with the cordial invitation of the ladies of the college, it was too enticing for the young men to resist. So all preparations being made, twenty five promising students with baskets filled with a sumptuous feast, started for Hoover's Lake, south west from the city. On arriving at the place of destination, O. joy to the pious of books of the gentlemen they were granted the use of the boat house on charge. Boating having been indulged in for several hours, the ladies chose a most beautiful site and prepared the luncheon. Supper over, boating was again indulged with great vigor for a short time, when all agreed to return home. On the homeward march many incidents occurred, one of which deserves special mention. Mr. Burkhardt, of the "Dutchman and Irishman" with a pickle and a large piece of pie, and Mr. Bowler, through the excitement of the picnic, forgot to take his hat. He went back to get it, and on returning found it had been stolen. He was very much annoyed, but on reaching home he found it had been returned to him. ### A NEW BANK.

Messrs. Goldsmith and Kalb the Projectors.

If the Enterprise is a Go it will Occupy the Lima National Bank Room.

There are rumors to the effect that the organization of a new bank will be one of the ventures of the near future.

Those mentioned as being at the head of the enterprise are Joseph Goldsmith, late proprietor of the Lima House, and Gus Kalb, the clothier.

It is understood that they have had the matter under consideration for several months, and since Mr. Goldsmith's retirement from the Lima House management, have given the subject serious attention, and that the firm name will be Goldsmith & Kalb, bankers.

The projectors of the scheme have their eyes on the elegant quarters in the Faurot block, formerly occupied by the Lima National Bank.

The bank will be opened if they are successful in securing the room.

HEAVILY FINED.

Expensive Rush of the Growler for Sullivan.

So Was Fined Twenty-Five Dollars and Costs by the Mayor-His Companions Also Arrested.

James Sullivan, who resisted Policemen Marks, and who was finally landed at the police station at three o'clock yesterday afternoon, was arraigned before Mayor Smiley at 4:30 o'clock this morning.

His face was considerably bruised and he was sore all over from his lively tussle with Policemen Marks, Seneca Large, Tom Comer, Deputy Sheriff John Hunt, Constable Miller, Ed Titus and Chief Haller, all of whom assisted in making his arrest.

When arraigned before the mayor this morning Sullivan was charged with resisting an officer and pleaded guilty to the charge.

Mayor Smiley fined him twenty-five dollars and costs, the whole amounting to \$45. Some of his friends went security for the fine and costs and the prisoner was released.

Sullivan, Jerry O'Brien and Frank Williams had been rushing the growler in the alley back of the county jail and a complaint was made to policeman Marks about it. The latter told Sullivan in the alley with a bucket of beer, and stopped him, whereupon Sullivan grabbed a stone and assaulted Marks. Then the latter attempted to arrest Sullivan and the bloody fight, which was mentioned in the Times-Democrat yesterday, resulted. After the prisoner was safely locked in a cell, Marks, Jackson and Chief Haller returned to alley and found O'Brien and Williams hiding in a tummy shed, and locked them up also.

DIAMOND SET MEDAL.

To be Awarded the Fastest Rider in the Road Race.

Among the numerous beautiful and costly prizes to be awarded the winners of the twenty mile bicycle road race, which comes off Decoration Day, the time prize which has been placed on exhibition in Harman & Bell's window and is donated by them, is the most beautiful medal of its kind ever put up to be won in this part of the country.

The medal is a miniature bicycle wheel suspended from a bar by two delicate chains. In the center of the wheel, the spokes of which are gold and a silver rim, is a wreath and star and in the center of the latter is a costly diamond setting.

The medal is open to all and will be awarded the wheelman making the fastest time in the race, giving the handicapped men an equal chance with the scratch starters for the beautiful prize.

ALL READY: PLAY BALL!

The Opening Game with the Cygnets this Afternoon.

The Cygnets team arrived in the city this afternoon at 2:25 o'clock and put up at the Taylor House.

They repaired to the ball park about two o'clock to get some practice before the game with the Limas was called.

The Cygnets boys look like ball players, every one of them, and unless appearances are belied, put up a game that will be hard to beat.

The Limas have practiced hard, and everything being favorable, there should be an interesting game at Faurot's park.

The Muncies were defeated by the Findlays yesterday, 7 to 2.

Down Buckeye Alley.

The first practical use that has ever been made of Buckeye alley, which was opened graded and stoned after two years' effort, was yesterday, when it was used as an outlet for D. S. Irwin's horse attached to a delivery wagon.

The horse was standing on Market hitched to a heavy iron weight, when an electric car passed by and frightened him. He turned off the street, dashed through an empty lot next S. Steffen's and took on Buckeye alley at a rattling gait, scattering eggs, potatoes, and other groceries at every step.

He was caught near Jameson avenue before much damage had been done to the rig.

### ROUND ABOUT

The celebrated Tangle Quartette, of Columbus Grove, was in the city a couple of hours last night and rendered some very pleasing vocal selections at the P. F. W. & C. depot.

They were enroute to Canton to attend a C. A. R. reunion. Col. Bill Tangle is the leader of the quartette.

It is said what's good for the stomach is good for the head. This being the case why wouldn't Nedgo stomach bitters be good for mental anguish?

Bicyclist Frank Place returned yesterday afternoon from Cincinnati looking as though he had gone through a Kansas cyclone, but such was not the case. He was in a race Saturday and was thrown by another rider. The right side of his face was started and bruised and his body similarly treated by a terrific fall. He is glad his neck wasn't broken and will be in shape for the Decoration Day race.

The Toledo & Ohio Central is said to be after the C. L. & M. Judge Burke, of Cleveland, has an object, it is said, in breaking down the stock of the C. H. & D., and if successful in getting the flocking canal from Carroll to Athens in the coal fields, he would, by securing the C. L. & M. and an inlet into Chicago from DeLancey, greatly weaken the flocking Valley stock, and accomplish his purpose.

W. L. Mackenzie, one of Allen county's delegates to the Circuit Judicial Convention, held yesterday, was the means of securing the convention for Lima. There was quite a struggle between Findlay and Lima before the committee met, but Mackenzie pledged, enough to secure the convention, and they kept their promises.

C. C. Perkins, of 940 South Main street, leaves this evening for Toledo, to attend the marriage of his cousin, Mel Rydman and Miss Maud Perew, of that city. The wedding which will occur to-morrow evening, will be one of the events of the season in Toledo, both parties being very popular in social circles of that city.

Mr. Rydman is quite well known here, having lived in this city until a few years ago.

UPSET THEM.

The L. E. & W. Refuse to Allow Big Four Crossings at Muncie.

In pursuance of the decision of the court in the Big Four and L. E. & W. muddle at Muncie, the former company began putting in the seven crossings on the Lake Erie belt.

Soon after a force of men, attached chains to the crossings, and a Lake Erie switch engine upset them. Now litigation will be renewed in the courts. The trouble is all caused by the Big Four company being anxious to invade a valuable manufacturing district, which the Lake Erie people have exclusively, because they accepted a proposition which the Big Four once rejected.

The L. E. & W. has the exclusive business of the Indiana Iron Works, Muncie Pulp Mills, Midland Steel Works and five other big south side manufacturing concerns, having constructed their belt as to shut out competition.

FAREWELL RECEPTION.

Tendered A. J. Emory by the Morning Star Lodge K. of P.

At the residence of D. Day, on East High street, last evening a very enjoyable reception was given by the Morning Star Lodge No. 15 K. of P., in honor of the departure of one of their members, Mr. A. J. Emory, who leaves to-day for North Dakota to join the United States Army. About twenty-five members of the order were present and, after an informal musical program was concluded, an elegant banquet was served by Mr. Freeman, chief cook of the French House. The guests continued to enjoy themselves until a late hour when they extended a farewell and best wishes to Mr. Emory and dispersed.

A FINE INSTRUMENT.

Porter & Son Bring a Baby Grand Everett for the Concert.

This morning Porter & Son, the music dealers, received from John Church & Co., an elegant baby-grand Everett piano to be used at the Olney Society's concert to-morrow night. It is a beautiful Mahogany case, and is one of the hand-somest instruments ever brought into Lima. Mr. T. M. Layman, the expert tuner, is now changing the pitch from international to concert pitch, to accommodate the pitch of the orchestral instruments.

Ed's Afraid of George.

This morning Ed Heman, colored, appeared before Mayor Smiley and filed an affidavit against George Venie charging him with threatening violence and when he wanted placed under a warrant.

Venie was arrested and released on bail to appear for a hearing at 2:30 o'clock this afternoon. Both men are draymen.

World's Columbian Exposition

Will be of value to the world by illustrating the improvements in the mechanical arts and eminent physicians will tell you that the progress in medicinal agents, has been of equal importance, and as a strengthening laxative that Syrup of Figs is far in advance of all others.

### WELL!

It's all Right to Drink Whisky But You Don't Talk

About Your Superior Officer--Queer Findings of the Fire Committee--Policemen Roast--Other, Council Matters.

The City Council met in regular session last night with president Hughes in the chair and the following members present:

Jail, Standish, Kemper, Spellacy, Greenland, Allen, Wise, Dietrich, Jackson, McVey, Foley and Harley. Minutes of last meeting read and approved.

Two property owners on Haller street petitioned the council to improve that street.

Mr. Fall wanted to know of the solicitor if the street could be improved upon a petition from two property owners.

Solicitor replied that a petition from two thirds of the property owners was necessary in order to draft an ordinance. The grade, however, could be established.

Mr. Foley was decidedly in favor of the improvement, and moved that the engineer be instructed to make a survey and report estimate cost of improvement. Motion carried.

Fifteen property owners on East North street petitioned the council to have B. C. Faurot lay sidewalks in front of his property on that street. Referred to sidewalk committee.

Property owners in Solarville petitioned for a fire alarm box. Referred to fire committee.

Petition signed by four persons requesting the council to establish a market place in the city. Referred to solicitor and street committee.

Str at committee reported recommending improvement of East Market street between railroad crossing and Jackson street. Report received and adopted.

Sidewalk committee recommended the payment of bill presented by G. W. Glaze for building certain sidewalks. Motion was made that report be received and clerk be instructed to issue order. Mr. Dietrich claimed that Glaze did not build the sidewalk as high as the grade stakes were set. Attorney Langworthy, representing Glaze, stated that the work was laid according to contract at the time of bidding and afterwards when the grade was changed, Mr. Glaze was compelled to do considerable extra work.

Mr. Dietrich said that Glaze was to blame. He had bid the walk in for less than he could build it in, in order to beat other contractors and now wanted the city to help him out.

The motion to allow the bill was withdrawn and motion was made that the matter be referred to sidewalk committee and engineer.

Mr. Fall thought that Mr. Bryan, who was chairman of sidewalk committee at the time the walk was sold, had mis-represented the matter to Mr. Glaze and did not think the city should be responsible. Engineer Gamble said that the grade had not been raised by the engineer after they were first set. The motion to refer was lost. Mr. Harley then moved that the report of committee be received and the bill allowed. Carried by a vote of eight yeas and six nays.

THE FIRE COMMITTEE

reported recommending that the council purchase of certain supplies for the department, that the street committee use a street team to drive about the city and that the South Side team continue to attend fires in the central part of the city. The supplies were to consist of rubber coats and a life saving net.
